My friends informed me that the project is already up and running and it is churning up the info. Am still in Europe on Monday but am available any time for discussions. My Skype address is akhmetshin and my mobile number is always on.

so v.sorry for the delay, patrick!! i hope it will be done any day now - i had a glitch with that middle man - his conflict of interest still stands and he was slowing the process down, had to go over his head to the original source. i really hope to be able to have the thing in the next day or two. once again, my deepest apologies!! ra
